

## Program Outline

### Introduction:

Our Instrumental Music Programs are fun and engaging programs designed to introduce students to the world of instrumental music. Our curriculum covers numerous subjects including sight reading, composition, world music, music theory, and performance. Your students will unlock their potential as musicians and their creative minds as they “Experience the Education” with C.A.S.E. Programs, Inc.

Every year our staff and community members select a theme for the school year. This year’s theme is “We Are The World”. Our goal is to teach students about our national and international communities.
